

FORD
TAURUS

SUCCESS STARTS WITH **INNER STRENGTH.**

The boron steel utilized to build the all-new Ford Taurus sedan is stronger than regular steel yet surprisingly lightweight. This lowers the overall weight of the vehicle while enhancing performance and ensuring superior cockpit safety. The Taurus also offers a genuine sense of style with Adaptive LED Headlamps to help lead you through the darkness, adjusting as you go. When you turn, the illumination turns with you on your road to success. Auto-High Beam LED Headlamps are also available.

BE OPEN TO THE
POSSIBILITIES.

The available dual panel panoramic sunroof doesn't just open a beautiful view of the world, it also slides back over, rather than under the rear panel, to give you maximum headroom as you go. And sometimes it's the littlest things that make all the difference. Take available Dual-Zone Climate Control. It separates cabin temperature settings for you and your front passenger so everyone can be comfortable in their own way.

ONE SPIRITED PERFORMER.

ECOBOOST ENGINE

The 2.0L EcoBoost® engine combines turbocharging and direct fuel-injection, generating robust 232HP¹ and 388Nm¹ of torque, giving you high performance and energy efficiency. The highly resourceful engine means higher fuel efficiency without losing any power.

POWER AND CONTROL

To harness the whopping 388Nm¹ of Torque, the Taurus sedan is equipped with a Torque Vectoring control making sure that all the sheer potential is delivered in a smooth and safe fashion regardless of the road conditions.²

ELECTRIC ASSISTED POWER STEERING

The comfortable and poised persona continues when the road bends, thanks to the Electric Assisted Power Steering,² which makes for an effortlessly rewarding drive every time you get behind the wheel.

1. Horsepower and torque ratings based on premium fuel per SAE J1349® standard. Your results may vary. 2. Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. 3. Additional charge.

ADVANCING EVERYDAY LIFE.

The Ford Taurus sedan brings the spirit of excitement to the everyday driver. SYNC® 4 provides fast and simple access to your audio sources and lets you interact with select mobile apps while keeping your eyes on the road. Voice commands, steering wheel buttons, or a quick tap on your 13.2" touchscreen will give you control of your compatible mobile apps. Connect your compatible iPhone® with Apple CarPlay®¹ to give you access to Apple Music® and use Siri® to send and receive hands-free text messages.² If you have a compatible Android™ phone, Android Auto™³ connects to Google Maps™ and the Google Assistant™ personal assistant for pass-through voice commands. The available Wireless Charging pad is located in the center console and it allows you to charge your smartphone without a cord. The Taurus brand supports Qi wireless charging protocol.⁴ And the Rotary Gear Shifter enables you to take control of the eight-speed automatic transmission with the simple turn of the dial.

TITANIUM. Domino and Very Light Urban Grey leather trim.
Screen displays vary by market.

1. Apple CarPlay® and its functions are products of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan. All features supported in Middle East countries are available. 2. Don't drive while distracted or while using handheld devices. Use voice-operated systems when possible. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Functionality varies by market. 3. Android Auto™ and its functions are products of Google and its terms and privacy statements apply. Requires compatible Android smartphone with Android Auto™ app on Google Play and data plan. All features supported in Middle East countries are available. 4. Qi wireless charging may not be compatible with all mobile phones.

THE HEIGHT OF SOPHISTICATION.

The all-new Taurus sedan arrives with a powerful, confident and inviting design to create a truly innovative vehicle. Enjoy the comfort of available 10-way power adjustable seats. The rear cabin is exceptionally spacious with plenty of shoulder and hip room. And the superb interior styling includes all the modern comforts.
